30 January 2026

Dear Parent/Guardian,

Learning & Assessments Matters

Assessments are an integral part and process of teaching and learning. While formal assessments help identify performance gaps, it is equally essential for students to actively engage in daily learning assignments and tasks (in school and at home). Consistent completion of these informal and formative assignments enables teachers to provide regular feedback. Bite-sized formal assessments (weighted) such as Term Reviews (TR) are carried out throughout the school terms via diverse evaluation methods like performance tasks and oral presentations and may use online platforms such as the SLS.

In particular, online TRs are designed not only to assess learning but also to help students understand that making mistakes and experiencing failure are important parts of the learning process. Through immediate feedback and opportunities for reflection, these online assessments support deeper learning and encourage students to learn from their misconceptions.

The table below shows the weightage for **P5** assessments throughout the year.

Term	1	2	3	4
Weighting	-	TR 1 (15%)	TR 2 (15%)	EYE (70%)

The schedule and scope of the Term Reviews and End-of -Year examination (EYE) can be found at Annex A.

If your child/ward is unwell and unable to come to school on the day of an assessment, please allow him/her to rest at home. **A medical certificate is required for the Term Reviews and End- of- Year examination, the marks will be pro-rated for valid absences.** If a medical certificate is not given to the Form Teacher after your child/ward returns to school, he/she will not be awarded any marks for that assessment.

If you need further clarification, please contact the school at waterway_ps@schools.gov.sg or your child's/ward's Form Teacher at 6636 6880.

Thank you for your partnership.

Warmest Regards,
WAPS Assessment Committee
(Letter noted by Mrs Judy Ling, Vice-Principal)

Subject	Level	Assessment Name (if any) and Mode (eg. Term 1 Review - Pen & paper)	Period/Date (eg. T1W6) 10 Feb - 14 Feb	Duration (eg. 30 min)	Learning Experience / Units or Topics e.g. Whole Numbers, Fractions, Ratio, Percentage (P5), Decimals (P5), Geometry (P5)	Format (eg. MCQ)
English Language	P5 (Std)	Term 2 Review - SLS	T2W7	30 min	Units 1-4	MCQ, FIB, SAQ
Mathematics	P5 (Std)	Term 2 Review - SLS	T2W8	45 min	Numbers to 10 000 000, 4 Operations of Whole Numbers, Fraction and Division, 4 Operations of Fractions	MCQ
